

From Illusion to Illumination

Dr. Pratap Sundar is a co-facilitator of the Nature's Wisdom Workshop. He wears many hats: he is an engineer, scientist, spiritualist, naturalist, author, teacher, corporate trainer and consultant. He is an ardent explorer of nature. In this workshop he presents to the audience vignettes of stunning beauty and wisdom in nature. With his versatility, sagacity and bubbling enthusiasm, he leaves an indelible impression on the workshop participants. He received his B.Tech in Mechanical Engineering and M.Tech in Industrial Engineering from Sri Venkateswar University, India, and Ph.D. in Industrial Engineering from Northeastern University, Boston.

In the earlier part of his career he worked as an Assistant Professor at the National Institute of Industrial Engineering (NITIE), Mumbai for 9 years. After his Ph.D. in 2000 he worked in the US for 6 years for two different companies: Paraform, a Silicon Valley company in Santa Clara as a Customer Advocacy Manager; and Innovation Sports, Los Angeles as a Director of Manufacturing. In 2006 he returned to India for good to establish his profession base there.

His insatiable spiritual thirst has led him to explore every possible source of knowledge dealing with truth and true meaning of life. He regularly gives inspiring lectures on nature to a wide variety of audience.

From Breakdowns To Breakthroughs

Dr. Warlu Nalajala is a co-facilitator of the Nature's Wisdom Workshop. He is a certified neuro-linguistic programming trainer, personal development coach, writer, motivator and educator. In this workshop he educates and motivates the workshop participants to leverage their inner potential to achieve phenomenal success.

Dr. Nalajala is the founder of Warlu's Institute of Success Education (WISE). He did his doctoral dissertation on communication skills. He was trained by national and international experts in management, communication, leadership, psychology, neuro-linguistic programming,

and success education.

Dr. Warlu has conducted several professional public training programs for judges, educationists, civil servants, public and political representatives, print and electronic media personnel, doctors, pilots, priests, business tycoons and corporate executives. People from all walks of life have attended his transformative workshops. More than one hundred thousand people benefited by attending his power-packed programs.

The Two-day Nature's Wisdom Workshop

Nature is all that there is from Higgs boson to the cosmos billions of light years beyond. Though we are an inalienable part of nature, we tend to live by notions that contradict this fact and, as a consequence, fail to appreciate the beauty and joy that life has to offer. The main goal of the two-day Nature's Wisdom Workshop is to dispel this disconnect between the parts and the whole and promote the celebration of life. The speaker of this workshop, Dr._Sriram Gajula, discusses the essential attributes of nature – duality, awareness, love, wisdom and their connection to life. He expounds on nature's fundamental tenets, that is, unity in diversity; connectedness in separateness; equitability in disparity; smiles in tears; and gains in losses. He presents simple yet impactful examples and metaphors to drive these subtle truths and concepts home. This engaging workshop can bring total transformation in the audience's inner wisdom as well as positively affect their actions, outlook, attitude, values, behavior, emotional mastery, and performance. At the end of the program one will be able to understand, recognize, and actualize nature's wisdom in all walks of life. As a take home of this program one should be able to perennially celebrate his/her life through smiles and tears.

Nature's Wisdom

for Celebration of Life

*A Two-day
Transformative
Workshop for Joy,
Peace and Peak
Performance*

Journey into Joy

Dr. Sriram Gajula, who is commonly addressed as "Sriram Sir" with reverence, is the chief architect and facilitator of the Nature's Wisdom Workshop. He is a spiritual scientist, psychologist, philosopher, poet, author, speaker, seer and sage. He brings to the workshop the essence of what he has distilled through his extensive research on spirituality and the art of joyous living in the laboratory of life and nature. He offers insights to enhance and enrich one's inner wisdom to experience unfailing and unfading joy and peace in all situations. He captivates the audience with his deep mellifluous voice from which pearls of wisdom gush out in the language which is playful, profound and witty.

Dr. Sriram Gajula holds a BS in science and M.A., M.Phil., and Ph.D. in English from Osmania University, India. He proclaimed spiritual truths and nature's laws and wrote more than a dozen books to make his wisdom accessible to a wider audience. Dew Drops on a Lotus Leaf, Voyage into Consciousness, Journey into Joy and Telling Stories: The Indian Way, Divinity in Nature, Pearls of Wisdom, The Fragrance of Life, and Smiling Tears are more popular among his books.

Sterling Publishers, New Delhi, published three biographies on Dr. Sriram Gajula. The first biography, In Search of Mother, is written by late Mr. C. Venkata Krishna, who was an advocate at the High Court of Andhra Pradesh, India. The other two biographies entitled The Face of Eternity and The Gospel of Love are authored by Dr. M. Sivaramkrishna, former Professor and Head, Department of English, Osmania University, India.

Dr. Sriram Gajula has widely traveled in India and abroad. He loves silence and solitude. He lives a life of anonymity except for a few occasional get-togethers and one-on-one meetings, yet his impact is globally felt. He is a much-sought-after speaker and advisor both in India and abroad.

Scientists discover laws of physics and patterns in biological systems. We use this knowledge to ensure our sustenance, wellbeing and comfort. Similarly, by knowing the nature's insights uncovered at the Nature's Wisdom Workshop, one can harmonize one's life with nature's design — accept and thrive on nature's ways joyfully.

This workshop makes us become aware of the inherent joy. Everyone was enthralled by Dr Sri Ram SIR's clear, lucid and power-packed presentation. After the workshop the journey of life has become much easier and joy has started emanating from day-to-day activities. Dr. Pratap's and Dr Warlu's discourses were very enriching and enlightening.

The two-day workshop on Spiritual Intelligence for Great Living and Fulfillment provided valuable insights into the nuances of inner growth and tranquility, which is helpful in taking value-based decisions.

B. Prasad Rao, IPS
Vice Chairman and Managing Director, APSRTC, Hyderabad

I learnt that the essence of Spiritual intelligence is effective balancing of the head, heart and soul, which is possible only by adhering to Laws of Nature.

The jargon-free discourse and dialogue in the workshop were very easy to understand as they were in the language of heart. Hearing the main speaker Sri Ram 'SIR', one is bound to deduce that spirituality is nothing but science. The rare visuals presented by Dr. Pratap Sundar, a scientist to prove Nature's intelligence and love were marvelous. Dr. Warlu, a great personal development trainer proved that the human power is determined by thoughts, beliefs, feelings and emotions.

M. Nageswara Rao
Principal, Eenadu Journalism School, Ramoji Group,

The program turns on the light inside and makes life more meaningful and much more joyous. The path shown by Sri Ram 'SIR' removes all worries and tensions and provides a safety net to our lives.

M. K. Singh, IPS
Chief Vigilance and Security Officer, TTD, Tirupati

I came from the USA to attend the workshop and it has been a wonderful experience. It taught me how to live a vibrant life in place of mere mechanical existence. I sincerely recommend this program to everyone.

Ramakrishna Nallapati

The workshop aimed at not mere cerebral understanding but instinctive internalization of eternal truths and helps one to celebrate the moments of life, rain or shine.

P. Venkata Rami Reddy, IAS
Joint Collector, West Godavari District

The unprecedented and unparalleled workshop provided us with Nature's secrets and laws which turn illusions into illuminations and fears into joys. It washed off all the age-old spiritual doubts. The program proved Nature's omniscience, omnipresence, omnipotence and unalloyed love for its creation. The workshop showed a path to live a great life of uninterrupted joy and peace. The greatest thing I've ever done for myself is attending this program.

K. S. Sreenivasa Raju, IAS
Joint Executive Officer, Tirumala, TTD, Tirupati

The two-day workshop teaches the practical application of Spiritual Wisdom in a variety of challenging situations of life. It transforms the wintry frozen realms of life into springs of tangible Joy. Sri Ram 'SIR's means and tools of spiritual wisdom make the metaphysical aspects of life become crystal - clear physical truths that we can experience every moment. The co-facilitation of Dr. Pratap and Dr. Warlu greatly enriches the program and gives a feeling of consummate joy.

Dr. L. S. Bhujanga Rao, Ph.D. DABR, DABMP
Senior Radiation Physicist, Sutter Medical Physics Center, CA, USA

The insights from the scientific explanations, experiencing the "Presence" of the presenter is the most valuable part. By clearing cobwebs and confusions about life and nature, the saintly presence and the presentations helped everyone experience serenity and sanity. Having known Dr. Pratap Sundar for the past 25 years, I continue to be amazed by his exceptional insights. Dr. Warlu innovatively integrated the pragmatic aspects and values in explaining principles of personal development.

I got an opportunity to listen, understand and assimilate the power-packed words spoken at the workshop which remained as a reference experience in my life. I will attend every future workshop until it gets into my blood, bile and bones.

Dr. K. S. M. S. Raghava Rao
Scientist and FIE Head, Department of Food Engineering, CFTRI, Mysore

I derived immense joy from this rare and unique two-day program listening to a great exposition of Nature's laws. I am sure I will succeed in my life better by implementing these laws.

Galla Vijay Naidu
Vice President and SBU Head, Amara Raja Group, Tirupati

I learnt several things from my 'guru' SriRamji's unique presentation and was thoroughly convinced by his concept of spirituality which is scientific and transcends dogma or creed. The only way to salvage our world, riven by hatred and violence, is to practise guruji's spirituality which is a posture of the soul but not a system of beliefs. The laws of interpersonal relations taught by SriRamji alone bring us 'peace amidst agitation'. He proved beyond any doubt that God communicates himself through the manifestations of nature. I wish if humanity would listen to my guru's voice there would be less pain, suffering and mistrust between man and man.
